

## Rakunov Zimski Kamp - Sljeme 2006

### Svrha kampa:

Svrha ovog kampa je da obraduje djecu koja nisu iskusila dovoljno radosti u svojim mladim životima i da pruži pozitivno iskustvo zajedništva pojedincima iz različitih etničkih skupina koji ne bi drugačije do tog iskustva mogli doći. Projekat će okupiti dvadesetak teenagera, priuštiti im učesništvo u zimskom sportu, inače nedostupnom njihovim finansijskim prilikama, i kroz savladavanje nove vještine, naučiti ih vrijednostima timskog rada, požrtvovnosti i zdravog života u skladu sa prirodom.

### Da se netko kvalificira za kamp, treba zadovoljiti slijedeće uvijete:

- 1) 11-18 godina starosti
- 2) djeca iz ratom pogodjenih obitelji
- 3) obiteljski prihod ispod 50% prosjeka
- 4) prednost je dana djeci sa poremećajima u ponašanju
- 5) izražena želja da učestvuje u programu
- 6) nije prije bordao
- 7) učesnici trebaju biti iz više etničkih grupa

Kamp na Sljemenu Rakun organizira u suradnji sa Tomislavom Tiškom i Snowboard Klubom Jeti, Zagreb. Kamp je zamišljen kao poslijepodnevna vanškolska aktivnost i oslanja se na razvoj noćnog skijanja na Sljemenu. **Datumi kampa su utorci i četvrtci u veljači i ožujku 2006. (2,7,9,14,16,21,23,28; 2,7,9,14,16,21,23,28,30).** Prioritet je da svi učesnici dobiju priliku da provedu barem 6 dana na snijegu, a da pri tom ne izostaju sa redovne školske nastave. Učesnici kampa dobit će prijevoz do Sljemena, snowboard opremu, upotrebu žičara i instrukcije, posebne nagrade i promocijalne predmete. Nakon oko 3-4 sata na snijegu je grupni sastanak u prostorijama Snowboard Kluba Jeti uz pizzu. Prijevoz je kombijem. Kombi polazi od X-Treme dućana (Mesnička 3) do Sljemena u 3 sata poslijepodne na datume kampa i vraća se na isto mjesto po svršetku dana. U četvrtak 23. veljače i utorak 28. veljače učesnike kampa će obići i s njima razgovarati Tina Bašić, profesionalna snowboarderka iz SAD-a.

### Što očekujemo od kampa:

- 1) generacije koje odrastu u ratu prenose svoju traumatizaciju na obitelj (bilo kroz depresiju ili nasilje)
  - 2) izbjeglice su tipično više traumatizirani zbog problema oko prilagodjavanja novoj sredini
  - 3) veterani, najduže i najneposrednije izloženi ekstremnom stresu ratnog nasilja su najčešće najviše traumatizirani ratom
  - 4) kada se mržnja i nasilje nasljeduju u obitelji, krug nasilja i mržnje se nikada ne prekida (zato se na Balkanu stalno ratuje)
  - 5) mi vadimo djecu iz konteksta bespomoćnosti, izloženosti nasilju i osjećanju da se ništa ne može promjeniti u njihovim životima, suočavamo ih sa njima "drugačijima" i omogućujemo im da ostvare nemoguće: da postanu akteri promjene.
- 6) nadamo se da ćemo time što ćemo učesnike osvjestiti da su ga ostvarili zajedno kao tim, potaći nova prijateljstva, prekidajući krug mržnje i nasilja

## Raccoon's Winter Camp Sljeme - Igman - 2006

### Statement of purpose:

It is our intention to take kids that had not have much fun in their young lives growing up in war-time Croatia and Bosnia - those who lost their homes and family members due to the war, of various ethnic and religious backgrounds, and bring them together for a week of plain clean fun. It is our hope that as they master the new skills together, they also make friends and learn how to live together in peace. It is our dedication to teach them values of teamwork and healthy lifestyle in harmony with nature, as well as to enable them to experience genuine camaraderie with their peers, those they would otherwise be taught to avoid as the 'enemy'. It is our mission to take twenty-something teens, who would have no other means of ever participating in expensive winter sports, and teach them how to snowboard.

### Eligibility:

- 1) 11-18 years of age
- 2) children from war affected families
- 3) low household income
- 4) children with behavioral disorders are encouraged to apply
- 5) desire to participate in the program
- 6) no previous experience with winter sports
- 7) organizers will make sure that all ethnic groups are represented

### Expectations:

- 1) generations that grow up in war pass their trauma onto their families, either through violence or depression
- 2) refugees have a higher degree of trauma due to the problems in adaptation to new environment
- 3) veterans, although often perpetrators of violence, are often exposed to the most traumatic experiences, due to their most direct and longest exposure to the war
- 4) when hate and violence are passed on to new generations, circle of violence and hate is never broken (hence the endemic warfare)
- 5) we are taking kids out from the context of violent trauma experienced by their families, we are confronting them with their peers from the “other side”, and we are empowering them to cooperate on a project, which completion will in the end provide pleasure to them, despite - or maybe because - being initially physically and mentally very tasking
- 6) we hope that by making them aware that they did something together as a team, we will foster lasting friendship between participants, making a small contribution to break the circle of hate and violence
- 7) learning how to snowboard is, indeed, very hard - participants will be encouraged to rely on each other to cope better with the cold, the fear, and the sheer brutality of the beginner’s falls
- 8) an added “benefit” is that after a week of fun, all participants should look like Raccoons, with their goggle-tans, underscoring our main goal: for them to have fun and enjoy themselves

During the last week of February, Tina Basich, a professional snowboarder from the U.S. and the founder of the non-profit organization Boarding for Breast Cancer, will visit participants of both snowboard camps. Tina will talk and ride with our camp participants and show them some new tricks. Each participant will receive a copy of Tina's book "Pretty Good for a Girl." Tina's visit will be taped for her TV girls action sports show GKA ([www.gkatv.com](http://www.gkatv.com)).
